Update on the Collective Bargaining Deadlock

The Corporation and the Tabangao Shell Refinery Employees Association (the "Union") have been attending the Mediation Conference before the National Conciliation & Mediation Board (the "NCMB) to advance the negotiations of the Collective Bargaining Agreement after the Corporation was served a Notice of Strike filed by the Union on 31 August 2016 on the basis of a bargaining deadlock.

On 3 October 2016, the Corporation received confirmation from the NCMB that the Union filed a strike vote report on the same day. Thus, the Union may hold a strike as early as 10 October 2016.

The Corporation will resort to its business continuity plans and rely on government support to ensure unhindered operations to supply the needs of the country. The Company's business continuity plan includes management running its facilities in a safe and economical manner in accordance with the full breadth of its management prerogatives as allowed under Philippine Labor laws and the option of fully importing feedstock for the Tabangao Refinery and its North Mindanao Import Facility in Cagayan de Oro if refining margins are not adequate.

Notwithstanding this development, the Company will continue to work towards reaching a resolution while maintaining good relationships with the Union.
