BRIEF DISCUSSION OF THE AGENDA OF THE 2023 ANNUAL STOCKHOLDERS' MEETING

I. Call to Order

The Chairman of the Board of Directors (or the Chairman of the meeting, as the case may be) (the "Chairman") will call the meeting to order.

II. Report on Attendance and Quorum

The Corporate Secretary (the "Secretary") will certify the date when the notice of the Annual Stockholders' Meeting was sent to the stockholders as of record date of 12 April 2023. The Secretary will likewise certify the presence of a quorum. Under the By-Laws of the Corporation, the holders of a majority of the issued and outstanding capital stock of the Corporation entitled to vote shall, if present in person or by proxy, constitute a quorum for the transaction of business.

Pursuant to Sections 23, 49 and 50 of the Revised Corporation Code, shareholders may participate through remote communication and *in absentia*. During the Annual Stockholders' Meeting and the Organizational and Regular Board Meeting held on 07 May 2019, the shareholders and the Board of Directors of the Corporation approved the amendment of its By-laws to allow stockholders to vote *in absentia* or via remote communication. The Securities and Exchange Commission approved the amendment on 15 March 2023, thereby allowing stockholders to also participate and vote through *in absentia* or via remote communication. Said stockholders shall be deemed present for purposes of quorum.

Please refer to Annex "B" for the procedure to participate or vote *in absentia* or via remote communication. This is similar to the registration and voting process in the previous year.

III. Review and Approval of the Minutes of the Previous Stockholders' Meeting

The draft of the minutes of the Special Stockholders' Meeting held on 26 September 2022 has been posted on the Corporation's website (<http://pilipinas.shell.com.ph/investors/stockholders-meeting-information.html>). This will also be part of the materials to be distributed through alternative mode (as authorized by the Securities and Exchange thru its Notice dated March 13, 2013) to stockholders together with the Definitive Information Statement and relevant attachments. The stockholders will be requested to approve the draft of the Minutes of the Special Stockholders' meeting held on 26 September 2022.

IV. Chairman's Report

The Chairman of the Board of the Corporation will render his report.

V. President's Report

The President and Chief Executive Officer of the Corporation will render her report.

VI. Financial Updates

The financial updates will be discussed by the Vice President-Finance, Treasurer and Chief and Risk Officer. Duly authorized representatives of SGV & Co. ("SGV"), the external auditor for 2022, will be present at the Annual Stockholders' Meeting to respond to appropriate questions concerning the 2022 Audited Financial Statements of the Corporation.

VII. Approval of Certain Acts of the Board, Board Committees and Management

The acts and resolutions of the Board of Directors are reflected in the minutes of meetings, the material contents of which are disclosed to the Securities and Exchange Commission and the Philippine Stock

Exchange and posted on the Corporation's website. A list of such acts and resolutions will also be set out in the Definitive Information Statement for the Annual Stockholders' Meeting.

The item for approval of the stockholders is:

(a) Appointment of External Auditors

The Board Audit and Risk Oversight Committee recommended to the Board of Directors the appointment of an external auditor who will examine the accounts of the Corporation for 2023. The Board of Directors, at its meeting held on 23 March 2023, approved the endorsement of the Board Audit Committee for the re-appointment of SGV as the external auditor of the Corporation for 2023, subject to the appointment of a new audit partner from SGV as the incumbent audit partner has already served for seven (7) years.

The stockholders will be requested to approve the re-appointment.

(b) Amendment of By-Laws: Change of Corporate Seal to "Shell Pilipinas Corporation"

During its meeting on 23 March 2023, the Board has approved the amendment of Article VII, Section 1 of the Corporation's By-Laws in order to reflect, among others, the new corporate name "Shell Pilipinas Corporation" in the Corporation's seal.

The stockholders will be requested to approve said amendment of the By-Laws.

VIII. Election of Directors

Pursuant to the Code of Corporate Governance for Publicly Listed Companies and the Corporation's Revised Manual on Corporate Governance, the Nomination Committee evaluated the qualifications of the nominees and recommended the final list of nominees qualified for election as directors/independent directors.

During the Annual Stockholders' Meeting, the Secretary will announce the names of the persons nominated for election as directors/independent directors of the Corporation for the ensuing year. The Secretary will report on the votes received by each nominee from the stockholders and the Chairman will declare the eleven (11) nominees who received the highest number of votes as the duly elected directors, including the four (4) qualified independent directors.

- (b) No director has informed the Corporation in writing that he/she intends to oppose any action to be taken by the Corporation at the Meeting.

B. CONTROL AND COMPENSATION INFORMATION

Item 4. Voting Securities and Principal Holders Thereof

(a) Voting Securities

As of the date of this Information Statement, the total number of outstanding common shares of the Corporation is 1,613,444,202.

(b) Record Date

All stockholders of record holding common shares as of 12 April 2023 (the “Record Date”) are entitled to notice and to vote at the Meeting. Each common share is entitled to one vote.

(c) Manner of Voting

Under the Corporation’s By-Laws, during the election of directors the common shares shall be voted as stated in the RCC which provides for cumulative voting in the election of directors. Thus, a stockholder may distribute his/her/its shares and give one candidate as many votes as the number of directors to be elected multiplied by the number of common shares he/she/it has, or he/she/it may distribute them on the same principle among as many candidates as he/she/it shall see fit; provided, that the total number of votes cast by him/her/it shall not exceed the number of shares owned by him/her/it as shown in the stock and transfer books of the Corporation multiplied by the number of directors to be elected.

Pursuant to Sections 23, 49 and 50 of the RCC, shareholders may participate *in absentia* or via remote communication. During the Annual Stockholders’ Meeting and the Organizational and Regular Board Meeting held on 07 May 2019, the shareholders and the Board of Directors of the Corporation approved the amendment of its By-laws to allow stockholders to vote *in absentia* or via remote communication. The amendment was approved by the Securities and Exchange Commission on 15 March 2023, thereby allowing stockholders to participate and vote *in absentia* or via remote communication. Said stockholders shall be deemed present for purposes of quorum.

(d) Security Ownership of Certain Record and Beneficial Owners and Management

- 1) The following table sets forth the record owners and beneficial owners of more than five percent (5%) of the Corporation’s outstanding common shares, the number of shares owned by, and the percentage of shareholders of each of the stockholders of the Corporation **as of 31 December 2022**:

Randolph T. Del Valle	
Luis C. la Ó	

On 07 February 2023, the Corporation invited its shareholders to submit nominations to the Board for the 2023 Annual Shareholders’ Meeting of the Corporation. No new nominations have been received. The Nomination Committee endorsed the incumbent independent directors to be nominated for election to the Board of Directors.

The Nomination Committee has determined that each of the nominees for election as directors/independent directors at the Meeting, possesses all the qualifications and none of the disqualifications to be elected as directors as set out in applicable laws and regulations, the Corporation’s Revised Manual on Corporate Governance and Amended By-Laws. In addition, the Nomination Committee has determined that each of the independent director-nominees meets the independence criteria set out in SRC Rule 38 and the Securities and Exchange Commission (SEC) Memorandum Circular No. 19 (SEC MC 19), Recommendation No. 5.2, the Corporation’s Revised Manual on Corporate Governance and Amended By-Laws. The Nomination Committee, then composed of Mr. Cesar A. Buenaventura (Independent Director), Ms. Lorelie Q. Osial (President, Chief Executive Officer and Chairperson of the Nomination Committee), Atty. Erwin R. Orocio (Managing Counsel and Chief Compliance Officer) and Paulo Angelo Arias (VP-Human Resources and Non-Voting Member), endorsed the above nominees for election as directors at the Meeting.

The Corporation likewise submits herewith the Certifications of Qualification for the Independent Directors. The number of independent directors is four (4).

Since the previous Annual Stockholders' Meeting, two independent directors of the Corporation, Messrs. Cesar A. Buenaventura and Fernando Zobel de Ayala, have served their eleventh (11th) year. Under SEC Memorandum Circular No. 4, Series of 2017, independent directors can be extended beyond nine years as independent directors so long as the Board of Directors can provide meritorious justification for the re-election of the independent directors and that the extension or their re-election is approved by the shareholders during a meeting for this purpose. Shareholders may re-elect an independent director who has served for more than nine years.

In its meeting on 16 February 2023, the Nomination Committee endorsed the extension of the terms of Messrs. Cesar A. Buenaventura and Fernando Zobel de Ayala as independent directors on the following meritorious grounds:

- a) Said independent directors, by themselves and in coordination with other directors and officers, continue to play an important role in maintaining the Corporation's external capabilities and support;
- b) The extended independent directors possess the wealth of experience and expertise and external network necessary for the Corporation to navigate during this challenging period, as we emerge from the pandemic and manage its full effect;
- c) The extended independent directors have consistently proven, and continue to prove, their value to the Board and the Corporation;
- d) There must be a viable transition that ensures continuity as we transcend beyond the pandemic;
- e) The length of time that the extended independent directors sat on the Board has not and will not impair said directors' ability to act independently and objectively;
- f) The extended independent directors remain independent, being internationally respected and recognized leaders in their own right apart from the Corporation and its substantial shareholders; and
- g) Their profound knowledge and extensive understanding of the history, culture, operations and direction of the Country, the Economy, the Corporation places them in a unique position to provide invaluable inputs during Board meetings.

The Board in its meeting on 24 March 2023 supported the endorsement with the approval of the minutes of the Nomination Committee.

Other reserves increased by Php101.0 million, or 21.9% from Php460.2 million as of 31 December 2017 to Php561.2 million as of 31 December 2018 due to increase in fair value of equity instruments.

YTD Q3 2022 vs YTD Q3 2021 Results of Operation

Net sales increased by P88,934.8 million, or 71.5% from P124,317.9 million for the year ended 30 September 2021 to P213,252.7 million for the year ended 30 September 2022 primarily due to higher pump prices driven by the increase in global oil prices and higher marketing volumes.

Gross profit increased by P3,094.6 million or 17.9% from P17,294.8 million for the year ended 30 September 2021 to P20,389.3 million for the year ended 30 September 2022 mainly due to higher premium fuel penetration across segments, increase in marketing volumes and inventory gains as a result of increase in global oil prices.

Selling, General and Administrative expenses increased by P765.4 million, or 7.1% from P10,712.1 million for the year ended 30 September 2021 to P11,477.5 million for the year ended 30 September 2022 primarily as a result of increased spending on communication and utilities, travel expenses, logistics and transshipment and higher depreciation, partially offset by reduction in repair and maintenance and outside services.

Other operating income/expense, net decreased by P1,450.5 million from P1,158.8 million income for the period ended 30 September 2021 to P291.7 million loss for the period ended 30 September 2022 primarily driven by oil price and market premium volatility globally and depreciation of Philippine Peso leading to commodity hedging net mark to market loss in 2022 as compared to 2021. This is partially offset by growth in non-fuel retail business.

EBITDA increased by P837.9 million or 8.5% from P9,831.4 million for the period ended 30 September 2021 to P10,669.3 million for the period ended 30 September 2022 mainly due to the impact of post-tax inventory holding gains of P2,566.6 million in Q3 2022 against gains of P1,866.7 million in Q3 2021.

Core earnings (net earnings excluding inventory holding gains and other one-off items) decreased by P203.1 million from P2,043.3 million for the period ended 30 September 2021 to P1,840.2 million for the period ended 30 September 2022. Significant increase in marketing volumes tempers the impact of foreign exchange loss due to the material depreciation of the Philippine Peso.

2021 vs. 2020 Results of Operation

Net sales increased by P16,425.6 million, or 15.2% primarily due to higher pump prices driven by the general increase in global oil prices.

Gross profit increased by P25,452.6 million or 312.0% mainly due to higher premium fuel penetration, and inventory gains as a result of increase in global oil prices, and lower costs as a result of the cessation of refinery operations.

Selling, General and Administrative expenses increased by P664.2 million, or 6.6% from P10,047.9 million for the year ended 30 September 2020 to P10,712.1 million for the year ended 30 September 2021 as a result of increase in business activities in marketing and supply chain.

Other operating income/expense, net increased by P1,362.0 million from net operating expense of P203.2 million for the period ended 30 September 2020 to net operating income of P1,158.8 million for the period ended 30 September 2021 primarily driven by increase in market prices leading to commodity hedging net mark to market gain in 2021 as compared to net mark to market loss in 2020.

EBITDA increased by P24,527.7 million or 166.9% from loss of P14,696.2 million for the period ended 30 September 2020 to profit of P9,831.4 million for the period ended 30 September 2021 mainly due to the significant recovery of core earnings from prior year loss position and impact of post-tax inventory holding gains of P1,866.7 million in YTD 3Q 2021 against losses of P5,720.5 million in YTD 3Q 2020.

Core earnings increased by P2,702.4 million from loss of P659.1 million for the period ended 30 September 2020 to P2,043.3 million for the period ended 30 September 2021, mainly driven by resilient marketing earnings and lower costs from the cessation of refining operations. Core earnings represents net profits after excluding inventory holding gains and losses (2021 – P1,866.7 million income, 2020 –P5,720.5 million loss post-tax), and other one-off items (2021 CREATE adjustment on deferred taxes of ~ P1.0 billion and post-tax one of manufacturing expenses amounting to P0.2 billion).

2020 vs 2019 Results of Operation

Net sales decreased by Php61,451.1 million, or 28.1%, from Php218,403.0 million for the year ended 31 December 2019 to Php156,951.8 million for the year ended 31 December 2020 mainly driven by decline in global oil prices and lower marketing volumes due to lockdowns implemented by the government as a measure to prevent the spread of the pandemic. Starting August, the Government relaxed the imposition of community lockdowns to improve the economic activity in the country.

Cost of sales decreased by Php41,661.4 million, or 21.4% from Php194,952.6 million for the year ended 31 December 2019 to Php153,291.2 million for the year ended 31 December 2020 due to lower purchase prices on account of decline in global crude prices and lower volumes as a result of COVID-19 pandemic.

Gross profit decreased by Php19,789.7 million, or 84.4% from Php23,450.3 million for the year ended 31 December 2019 to Php3,660.6 million for the year ended 31 December 2020 primarily as result of decline in sales volumes due to mobility restrictions imposed to prevent the spread of the pandemic and one off charges associated to the cessation of refining operations.

Selling, General and Administrative expenses decreased by Php725.8 million, or 5.0% from Php14,448.6 million for the year ended 31 December 2019 to Php13,722.8 million for the year ended 31 December 2020 primarily as a result of reduced spending on repairs and maintenance, logistics and transshipment, advertising expenses and travel expenses in line with the various cash preservation initiatives and strategies implemented.

Other operating income decreased by Php210.6 million, or 54.2%, from Php388.4 million for the year ended 31 December 2019 to Php177.8 million for the year ended 31 December 2020 primarily due to decrease in non-fuel retail income as a result of mobility restrictions and higher notional net mark to market loss in 2020 as compared 2019, primarily driven by decline in market prices. When there is a downward trend for market prices, commodity hedging may result in mark-to-market losses, which is offset by the lower cost of materials.

Impairment losses amounting to Php11,124.5 represents the losses on impairment of refinery assets and decommissioning and demolition expenses due to cessation of refining operations.

Finance income decreased by Php231.6 million, or 45.3%, from Php511.7 million for the year ended 31 December 2019 to Php280.1 million for the year ended 31 December 2020, mainly due to decrease in foreign currency exposure during the year as a result of weakening of Peso against other foreign currencies.

Finance expense increased by Php418.8 million, or 22.3%, from Php1,880.6 million for the year ended 31 December 2019 to Php2,299.4 million for the year ended 31 December 2020, mainly driven by increase in interest on lease liabilities as a result of additions and renewals of lease contracts.

Net Income After Tax for the period reduced by Php21,803.8 million or 387.9% from a profit of Php5,621.2 million for the year ended 31 December 2019 to a loss of Php16,182.7 million for the year ended 31 December 2020. The loss reported during the period consists of 73% or Php12 billion of one-off charges related to the cessation and transformation of the refinery into a World-Class import facility, while Php4.8 billion is due to the drastic decline in crude prices.

EBITDA Adjusted for COSA decreased by Php22,009.4 million, or 178.8% from profit of Php12,311.3 for the year ended 31 December 2019 to loss of Php9,698.1 million for the year ended 31 December 2020 primarily driven by the lower demand on oil products arising from the COVID-19 pandemic. The Company's

core earnings have shown a strong rebound by end of 2020 by Php1.1 billion or 157.1% from a loss of Php0.7 billion as of Q3 to a profit of Php0.4 as of Q4 due to the improved market conditions.

EBITDA decreased significantly by Php30,753.8 million, or 215.8% from a profit of Php14,252.3 million for the year ended 31 December 2019 to loss of Php16,501.5 million for 31 December 2020 mainly due to impact of increase in pre-tax inventory holding gains from Php1,941.0 inventory holding gain in 2019 vs inventory holding loss of Php6,803.4 million in 2020.

2019 vs. 2018 Results of Operation

Net sales marginally decreased by Php465.7 million, or 0.2%, from Php218,868.7 million for the year ended 31 December 2018 to Php218,403.0 million for the year ended 31 December 2019 despite a 3% increase in sales volume primarily due to the lower average pump prices as influenced by the marginal decrease in global oil prices.

Gross profit increased by Php1,155.5 million, or 5.2% from Php22,294.8 million for the year ended 31 December 2018 to Php23,450.3 million for the year ended 31 December 2019 primarily as result of strong marketing delivery and increased premium fuel penetration. This is supported by marginal decrease in average oil prices and lower logistics costs.

Selling, General and Administrative expenses increased by Php62 million, or 0.4% from Php14,386.6 million for the year ended 31 December 2018 to Php14,448.6 million for the year ended 31 December 2019 primarily driven by PFRS 16 implementation partially offset by the reduction in logistics costs.

Other operating income decreased by Php195.5 million, or 33.5%, from Php583.9 million for the year ended 31 December 2018 to Php388.4 million for the year ended 31 December 2019 primarily due to disposal of property, plant and equipment coupled with remediation activities. This is partially offset by growth in non-fuel retail business.

Finance income increased by Php466.6 million, or 1,034.6%, from Php45.1 million for the year ended 31 December 2018 to Php511.7 million for the year ended 31 December 2019, mainly due to improved foreign currency exposure during the year as a result of strengthening of Peso against other foreign currencies.

Finance expense increased by Php635.6 million, or 51.1%, from Php1,245.0 million for the year ended 31 December 2018 to Php1,880.6 million for the year ended 31 December 2019, mainly driven by increase in interest and finance charges due to implementation of PFRS 16, offset by net foreign exchange gain in 2019 vs net foreign exchange loss realized in 2018.

Net Income After Tax for the period improved by Php544.9 million or 10.7% from Php5,076.3 million for the year ended 31 December 2018 to Php5,621.2 million for the year ended 31 December 2019. This is primarily driven by stronger marketing performance supported by volume growth and higher premium fuel penetration, refinery cost savings, and inventory holding gains. This is against the backdrop of lower refinery margins. Inventory gain contributed Php1,364.3 million to 2019 net income vs post-tax inventory holding loss of Php39.8 million in 2018.

EBITDA Adjusted for COSA increased by Php2,265.7 million, or 22.6% from Php10,045.6 for the year ended 31 December 2018 to Php12,331.3 million for the year ended 31 December 2019. This is primarily driven by robust delivery from the marketing businesses and implementation of PFRS 16. This was partially offset by lower refinery margins and the impact of planned maintenance of Tabango refinery. EBITDA adjusted for COSA or the period ended 31 December 2019 under PAS 17 would have resulted to Php8,556.9 million.

EBITDA increased significantly by Php4,263.7 million, or 42.7% from Php9,988.6 million for the year ended 31 December 2018 to Php14,252.3 million for 31 December 2019 mainly due to impact of increase in pre-tax inventory holding gains from Php56.9 million inventory holding loss in 2018 vs inventory holding gain of Php1,941.0 million in 2019 and strong marketing delivery.

2018 vs. 2017 Results of Operation

Net sales increased by Php49,392.9 million, or 29.1%, from Php169,475.8 million for the year ended 31 December 2017 to Php218,868.7 million for the year ended 31 December 2018, mainly driven by higher pump prices as influenced by the general increase in average global oil prices.

Cost of sales increased by Php53,503.3 million, or 37.4%, from Php143,070.6 million for the year ended 31 December 2017 to Php196,573.9 million for the year ended 31 December 2018 primarily as a result of general increase in average global oil prices.

Gross profit decreased by Php4,110.4 million, or 15.6% from Php26,405.2 million for the year ended 31 December 2017 to Php22,294.8 million for the year ended 31 December 2018 primarily as result of general increase in global oil prices partially offset by higher margins from the retail business.

Selling, General and Administrative expenses increased by Php526.5 million, or 3.8% from Php13,860.1 million for the year ended 31 December 2017 to Php14,386.6 million in 2018 for the year ended 31 December 2018 mainly due to general increase in rental expenses and higher depreciation and amortization from additional capital investments and advertising expenses. This is partially offset by the reduction in employee costs and logistics costs. Philippine inflation hit 6.7% in Q3 of 2018, highest recorded in the past 9 years; 2018 average inflation is at 5.2%.

Other operating income increased by Php94.5 million, or 19.3%, from Php489.4 million for the year ended 31 December 2017 to Php583.9 million for the year ended 31 December 2018, mainly driven by growth from non-fuel retail business.

Finance income decreased by Php23.3 million, or 34.1%, from Php68.4 million for the year ended 31 December 2017 to Php45.1 million for the year ended 31 December 2018, mainly due to decline in foreign exchange gain during the year as a result of weakening Peso against other foreign currencies.

Finance expense increased by Php523.1 million, or 72.5%, from Php721.9 million for the year ended 31 December 2017 to Php1,245.0 million for the year ended 31 December 2018, mainly due to increase in foreign currency transactions along with the weakening of Philippine Peso during the year.

Other non-operating income decreased by Php1,379.2 million, from Php1.379.2 million for the year ended 31 December 2017 to nil for the year ended 31 December 2018, due to the reversal of the abandonment case provision when the company received a favourable court decision in 2017.

Net Profit for the period declined by Php5,291.9 million or 51.0% from Php10,368.2 million for the year ended 31 December 2017 to Php5,076.3 million for the year ended 31 December 2018. This is primarily due to lower refinery margins coupled with high inflation rate partially offset by the sustained margin growth from the marketing businesses. Inventory loss contributed Php39.8 million to 2018 net income vs post-tax inventory holding gain of Php2,941.9 million in 2017.

EBITDA Adjusted for COSA decreased by Php2,042.7 million, or 16.9% from Php12,088.3 million for the year ended 31 December 2017 to Php10,045.6 million for the year ended 31 December 2018. This is primarily driven by lower refining margin environment, planned refinery pitstop in 2Q 2018 and higher inflation which may have affected consumer demand. These short-term headwinds were partially offset by the sustained growth from the marketing businesses.

EBITDA declined significantly by Php6,302.9 million, or 38.7% from Php16,291.5 million for the year ended 31 December 2017 to Php9,988.6 million for 31 December 2018 mainly due to impact of decrease in pre-tax inventory holding gains of Php4,260.1 million from Php4,203.3 million inventory holding gain in 2017 vs inventory holding loss of Php56.9 million in 2018.

¹ Current ratio is computed by dividing current assets over current liabilities.

² Debt to equity ratio is computed by dividing net debt (short-term borrowings and loans payable less cash) by equity (exclusive of other reserves).

³ Debt ratio is computed as net debt divided by total assets.

⁴ Return on assets is computed as profit (loss) for the period divided by total assets.

⁵ Return on equity is computed as profit (loss) for the period divided by equity (exclusive of other reserves).

⁶ Return on average capital employed is defined as EBIT as a percentage of the average capital employed for the period. Capital employed consists of total equity, short-term borrowings and loans payable. Average capital is calculated as the mean of the opening and closing balances of capital employed for that period.

Known trends, demands, developments, commitments, events or uncertainties that will have a material impact on the issuer's liquidity

Commodity price risk

The Corporation is exposed to price volatility of certain commodities such as crude oil and petroleum products. To minimize the Corporation's risk of potential losses due to volatility of international crude and product prices, the Corporation may implement commodity hedging for crude and petroleum products.

Liquidity risk

The Corporation is exposed to the possibility that adverse changes in the business environment or its operations could result in substantially higher working capital requirements and consequently, suitable sources of funding for the Corporation's activities may be difficult to obtain or unavailable. The Corporation manages its liquidity risk by monitoring rolling forecasts of the Corporation's liquidity reserve on the basis of expected cash flow. Additionally, Shell Treasury Centre East centrally monitors bank borrowings, foreign exchange requirements and cash flow position. The Corporation has access to sufficient external debt funding sources to meet currently foreseeable borrowing requirements. Furthermore, surplus cash is invested into a range of short-dated money market instruments, time deposits and other assets, which seek to ensure the security and liquidity of investments while optimizing yield.

Any events that will trigger direct or contingent financial obligation that are material to the Corporation, including any default or acceleration of an obligation.

There are no material or significant events during the reporting period that will trigger direct or contingent financial obligation that are material to the Corporation except for the cases enumerated under the section 'Legal Proceedings'.

Material off-balance-sheet transactions, arrangements, obligations (including contingent obligations) and other relationships of the Corporation with unconsolidated entities or other persons created during the reporting period.

The Corporation does not have any material off-balance sheet arrangements with unconsolidated entities.

Capital Expenditures Commitments

PSPC plans to spend approximately ~Php3-4 billion for capital investments, subject to changes in strategic direction. The Company will continue to focus on building new retail service stations, invest on the conversion of the refinery to a world-class terminal and improve existing supply and distribution sites.

Known trends, events, or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on Net Sales/Income from continuing operations

Global developments, particularly volatility in oil prices and foreign exchange, will continue to impact PSPC's financial performance.

Any significant elements of income or loss that did not arise from the registrant's continuing operations

There are no material elements of income or loss that did not arise from the registrant's continuing operations during the period.

Any seasonal aspects that had material effect on the financial condition or results of operations

There are no seasonal aspects that have material effect on the financial condition or results of operations during the period.

(c) Description of the General Nature and Scope of Business

Shell Pilipinas Corporation's presence in the Philippines began as early as 1914 when Asiatic Petroleum Co. (Philippine Islands) Ltd. opened for business in the Philippines selling motor gasoline and kerosene to the growing Philippine market at that time. In the 1940's, Asiatic Petroleum Co. (Philippine Islands) Ltd. was renamed as The Shell Company of the Philippine Islands, Inc.

In the 1950's, the National Economic Council of the Philippines required a minimum Filipino ownership of twenty-five percent (25%) in large industrial ventures. This led to the formation of the Shell Refining Company (Philippines), which was incorporated on 09 January 1959 with 25% Filipino ownership and 75% foreign ownership. In November 1970, the Shell Refining Company (Philippines) was renamed to Shell Philippines, Inc. In 1973, the Company was renamed to Pilipinas Shell Petroleum Corporation ("PSPC"). On 15 March 2023, the Philippine Securities and Exchange Commission approved the amendment of its Articles of Incorporation including, among others, the change of name to Shell Pilipinas Corporation ("Shell Pilipinas").

In February 1987, Filipino ownership in PSPC stood at 33.33% while foreign ownership at 66.67%.

On the 18th of August 2015, PSPC received approval from the Securities and Exchange Commission ("SEC") for its application for increase in authorized capital stock from Php 1 billion divided into 1 billion shares with par value of Php 1.00 each to Php 2.5 billion divided into 2.5 billion shares with par value of Php 1.0 each. Out of the 1.5 billion increase in PSPC's authorized capital stock, a total of 0.9 billion shares were offered to existing shareholders as of 12 May 2015 at Php 20 per share. 99.41% of the said 0.9 billion shares were subscribed to and paid for by stockholders who exercised their pre-emptive rights.

The increase in percentage ownership of shares held by major shareholders post the rights issue are as follows: Shell Overseas Investments B.V. increased from 67.12% to 68.18%; Insular Life Assurance Company, Ltd. increased from 19.49% to 19.55% and Spathodea Campanulata, Inc. increased from 5.06% to 5.14%.

In compliance with the provisions of the Downstream Oil Industry Deregulation Act of 1998 which requires entities engaged in the oil refinery business to make a public offering of at least 10% of its common stock through the stock exchange, PSPC was listed in the Philippine Stock Exchange, Inc. ("PSE") on 03 November 2016 with the stock symbol "SHLPH". Initially offered at Php 67.00 per share, PSPC offered 291 million shares (Primary Offer of 27,500,000 shares and Secondary Offer of 247,500,000 Shares with an Over-allotment Option of up to 16,000,000 Common Shares) for the IPO.

The decrease in percentage ownership of shares held by major shareholders immediately post IPO are as follows: Shell Overseas Investments B.V. decreased from 68.18% to 55.21%; Insular Life Assurance Company, Ltd. decreased from 19.55% to 15.83% and Spathodea Campanulata, Inc. decreased from 5.14% to 4.16%.

As at 31 December 2021, the Company is not subject of any bankruptcy, receivership or similar proceedings. It is also not involved in any material reclassification, merger, consolidation or purchase or sale of a significant amount of assets not in the ordinary course of business.

2021 Operational Highlights

In 2021, the COVID-19 pandemic continued to have a serious impact on people's health and livelihoods. The Philippine energy sector remained impacted by the mobility restrictions locally and globally coupled by the effect of strong weather disturbances and other calamities. This is at the back of recovering global oil prices reaching higher than pre-pandemic levels up to USD90/barrel.

In March 2021, Shell Pilipinas communicated its reset and refocused 2021-25 strategy highlighting the shift in its supply chain model, evolution of its retail stations into mobility destinations, and drive for lower carbon

operations, products, and solutions. These will enable the company to continue powering progress in the country through innovative lower carbon products and services, while delivering superior value for its customers, shareholders, and the society.

Building on the company's strength in fuels retailing, the network of mobility stations will be more competitive, customer centric, and fit for the future. From being known as traditional gas station, the new Shell Pilipinas mobility stations will serve the wider needs of the Filipino consumers. They would cater not just cars, trucks, and buses, but will provide mobility offers to bikers, cyclists, and even pedestrians. Leveraging on digital applications, Shell mobility stations will also cater to people working from home through delivery services. In September, Shell Pilipinas opened its very first Site of the Future, one of the firsts in the world. Located in Acienda Silang, Cavite, the site is set to become a global blueprint for mobility stations focused on enhancing customer experiences, enabling more forms of transportation, and lowering carbon footprint through innovation.

Shell Pilipinas continues to elevate customer journey and experience through best-in-class digital loyalty program. The Shell Go+ App has reached more than 1 million subscribers over the course of the year. This program allows the customer to pay contactless while earning more rewards in both fuels and non-fuel offerings on-site. The program successfully helps in increasing customers' trip spending and loyalty volume through brand engagements and promotions.

Shell Pilipinas' mobility network remains the most efficient in the industry, with more than 1,100 Shell-branded stations nationwide. Recognizing the evolving needs of customers, the company continues to expand its non-fuel retailing business. Affordable food choices and other products are made available in its more than 180 Select shops, 75 deli2go stores and quick service restaurants present on the sites. The Company has also put up more than 200 Select Express stations nationwide – a smaller version of the typical Select shops. Other services such as oil change and car maintenance are also offered through its more than 450 SHOC+ and Helix Service Centers (HSC).

Wholesale Commercial Fuels continues to supply quality products to resilient industry sectors such as manufacturing, mining and power. The business also positions itself as the preferred energy partner in the growing construction sector of the country. Lubricants had an outstanding year in increasing its customer base with new products and services, maintaining its market leadership.

In 2021, the Aviation business remained challenged with continued travel restrictions in international and domestic flights. Construction and Road (formerly, Specialities) business has recovered from last year by successfully capturing the resumption and expansion of construction projects nationwide. In 2021, Shell Pilipinas made firm steps in integrating sustainability in how it operates and runs its businesses as well as in the products and services that it offers to customers. During the year, some accounts of the Fleet Solutions business have signed up for the carbon offset offer. Sales of lower carbon products such as Shell Helix Ultra 0W and Shell BituFreshAir have more than doubled. At the same time, the company continued to reduce its carbon footprint on its assets with its Shell Import Facility in Tabangao (SHIFT) running on 100% renewal energy, and the use of Ecobricks and other sustainability features in mobility stations. Shell Pilipinas also declared its support to the Financial Stability Board Task Force on Climate-related Financial Disclosures (TCFD), the 15th Philippine company to do so and the first in the energy sector. The company will use the TCFD framework along with other globally recognized frameworks such as the Global Reporting Initiative (GRI) in the Company's Annual and Sustainability Report (ASR).

The Company applied for equity restructuring with the Securities and Exchange Commission (SEC) to offset the 2020 deficit against its share premium amounting to Php4.3 billion. The SEC approved the application and the same has been reflected in the 2021 Audited Financial Statements. More information on 2021 financial performance of the Company and the impact of the COVID-19 pandemic to the business can be found in the Notes to Financial Statements and Management's Discussion and Analysis portion of this report.

This Annual Report is submitted together with the Company's Annual and Sustainability Report (ASR) for 2021. In its sixth ASR, the Company details its sustainability efforts – how it contributes to the United

Nations Social Development Goals, and its social investment priorities. The same report discloses information on its Diversity and Inclusion (D&I) initiatives, Health, Safety, Security and Environment (HSSE) performance, corporate governance standards.

Effect of existing or probable governmental regulations on the business

The Clean Air Act

In keeping with the worldwide trend for cleaner fuels, the Philippines has been progressively moving towards adopting more stringent fuel quality standards, largely patterned after those enforced in the EU (“Euro Standards”). In 1999, Republic Act No. 8749, otherwise known as the Philippine Clean Air Act of 1999, was signed into law, providing a legal framework by which air quality in the country could be improved via a combination of fuel specifications and motor vehicle standards. Its Implementing Rules and Regulations were finalized in 2000.

Following the implementation of the Clean Air Act, limits were imposed on Sulphur dioxide, nitrogen dioxide and particulate emissions from manufacturing facilities. Continuous emissions monitoring systems (“CEMS”) were installed in Tabangao, Batangas in 2001. PSPC conducts a Relative Accuracy Test Audit (RATA) of its CEMS in compliance with its Permit to Operate conditions, which is reflected in its self-monitoring reports and submitted to the Department of Environment and Natural Resources - Environmental Management Bureau (DENR-EMB) Region 4A.

PSPC imports blending components (purchased mainly from other Shell companies in the region) in order to meet the Clean Air Act and PNS’ requirements for aromatics and benzene contents in finished grade gasoline products.

On 01 January 2016, the effectivity of the new PNS for Euro IV (Philippines) gasoline and automotive diesel took place under the mandate of the Department of Energy pursuant to the Clean Air Act. In line with this, PSPC upgraded its refinery which enabled PSPC to supply Euro IV fuels in all its retail sites and depots.

With the cessation of refining activities, PSPC has ceased to import blending components (purchased mainly from other Shell companies in the region) which were required to meet the Clean Air Act and PNS’ requirements for aromatics and benzene contents in finished grade gasoline products.

Republic Act No. 8749 mandates the following fuel standards:

A.	Gasoline	
	Tetra-ethyl lead	Nil
	Aromatics, vol.% max	35
	Benzene, vol.% max	2
	Sulfur, wt.% max	0.005
B.	Auto Diesel Oil	
	Sulfur, wt.%	0.005

On May 2016, the Department of Energy has implemented an improved national standard PNS/DOE QS 002:2015 for coconut methyl ester (CME) biodiesel component to address technical concerns seen by the oil industry. The new national standard further tightened quality specifications related to sulfur and product stability. PSPC has reviewed its contracts with its CME suppliers to ensure compliance on the new standard. As will be discussed below, oil companies are required by Republic Act No. 9367, otherwise known as the Biofuels Act of 2006, to blend 2% CME into all diesel sales.

Mandatory Fuel Marking

On 19 December 2017, the Philippine government has enacted R.A. 10963 (Tax Reform for Accelerated Inclusion) which included a provision on mandatory marking of fuel products to curb oil smuggling. Implementing rules and regulations from the government on the fuel marking program were released on 05 July 2019 through Joint Circular No 001.2019 by the Department of Finance, Bureau of Internal Revenue and Bureau of Customs. The Joint Circular mandates the marking of refined, manufactured and imported gasoline, diesel and kerosene after duties and taxes have been paid. As confirmed with the fuel marking consortium, the Tabangao refinery is the first refinery to be marked in the country and North Mindanao Import Facility is the first import terminal to be marked in Mindanao.

The government commenced conducting random field testing and confirmatory testing on fuel to check its compliance towards the mandatory fuel marking requirement in 2020. This initiative is targeted to help curb smuggling. Data gathered by the government consortium in 2021 identified homogeneity issues of the fuel marker in storage tanks for several oil industry players resulting to a deferment of the program's enforcement phase. The government has identified terminals/locations where fuel marking operations are instructed to shift from vertical tanks dosing to truck/lorry marking to immediately address the homogeneity issues. Subic OSP is scheduled to shift their marking operations to truck marking on Q1 2022.

The automated injection system fuel marking facility for SHIFT, which is funded by the Department of Finance as part of the fuel marking program, has commenced onsite installation activities in December 2021 with a target commissioning date of March 2022. Shell Pilipinas has also proposed to the Department of Finance to upgrade its own fuel marking facility at Shell North Mindanao Import Facility to an automated injection system (AIS) of technology to minimize the homogeneity risks identified in the present fuel marking dosing operations by the consortium. The proposal is currently undergoing review by the DOF.

Biofuels Act

The Biofuels Act of 2006 was implemented with the aim of reducing dependence on imported fuels. It also aimed to develop and utilize indigenous renewable and sustainable clean energy sources; to mitigate toxic and greenhouse gas (GHG) emissions; to increase rural employment and income; and to ensure the availability of alternative and renewable clean energy without any detriment to the natural ecosystem, biodiversity and food reserves of the country.

Shell Pilipinas currently blends diesel with 2% coconut methyl ester (CME) and gasoline with 10% ethanol as mandated in the current PNS. On December 2021, the Department of Energy Technical Committee on Petroleum Products and Additives (TCPPA) has finalized the draft national standards for 3% and 4% CME blends into diesel and are ready for endorsement to the Bureau of Product Standards. The implementation of these new standards are subject to the DOE's implementation plan for the succeeding years. Utilization of Locally-Produced Bioethanol in the Production of E-Gasoline. Consistent with The Biofuels Act of 2006, DC2011-12-0013 was implemented. It mandated the exhaustion of locally-sourced bioethanol in order to sustain and expand the local bioethanol industry. Shell Pilipinas sources its local bioethanol in accordance with its Local Monthly Allocation as computed and circulated by the Department of Energy's Oil Industry Management Bureau (OIMB).

Euro IV(PH) Equivalent Specifications

On 07 September 2010, the DENR issued a DENR Administrative No 2010-23 on Revised Emission Standards for Motor Vehicles Equipped with Compression Ignition and Spark Ignition Engines, mandating compliance of all new passenger and light duty motor vehicles with Euro IV (PNS) emission limits subject to fuel availability, starting 01 January 2016.

Euro IV vehicle emission technology requires a more stringent fuel quality, *i.e.* 50 ppm sulfur content for both diesel and gasoline. In 2012, the DOE spearheaded discussions on the development of a Euro IV PNS fuel specification to support DENR DAO 2010-23. PSPC, as a regular permanent member of the Technical Committee on Petroleum Products and Additives (TCPPA), was actively involved and supportive of the development of Euro IV PNS fuel specifications.

The DTI promulgated and released the PNS for gasoline and diesel which mandates the introduction of Euro IV PNS fuels not later than 01 January 2016. PSPC successfully completed its Refinery upgrade and is producing and supplying Euro IV-compliant fuels since 01 January 2016. All Shell terminals and retail stations supply Euro IV-compliant fuels since 01 January 2016.

Clean Water Act

Republic Act No. 9275, otherwise known as the Philippine Clean Water Act of 2004, aims to protect the country's water bodies from pollution from land-based sources (industries and commercial establishments, agriculture and community/household activities). All owners or operators of facilities that discharge wastewater are required to get a permit to discharge from the DENR or the Laguna Lake Development Authority, and to report the quality of effluents on a regular basis.

No further impact from the effect of Clean Water Act towards the Company's Shell Mobility stations is expected. No major change from the Pollution Head Accreditation Board has been received. All sites continue to comply with the quarterly SMRs and Discharge Permit to DENR or LLDA.

Parity Tax Treatment Between Indigenous and Imported Fuel Sources for Power Generation

The Electric Power Industry Reform Act (EPIRA) provides for parity tax treatment among imported oil and indigenous fuels. Prior to the said law, indigenous fuels were imposed with higher taxes largely due to royalties to the government.

Compensation for Oil Pollution Damage

The Oil Pollution Compensation proposes the imposition of liability for oil pollution damage. It proposes to require entities, which receive more than 150,000 tons of oil in a year from all ports or terminals in the Philippines to contribute to the International Oil Compensation Fund (IOPC) in accordance with the provisions of the 1992 Fund Convention. Republic Act No. 9483, otherwise known as the Oil Pollution Compensation Act of 2007, proposes to collect a fee of ten (10) centavo/liter from owners and operators of tankers and barges hauling oil and/or petroleum products in Philippine waterways and coast wise shipping routes. This new fund, named the Oil Pollution Management Fund (“OPMF”), will be on top of the requirement under the 1992 CLC and 1992 Fund Conventions and will be administered by the Maritime Industry Authority (“MARINA”). The circular was published in November 2021, and the imposition of the 10 centavos/liter fee has taken into effect starting 10 December 2021.

Oil Spill Prevention and Control

The Oil Pollution Compensation Act seeks to require oil companies to install oil spill prevention and control liabilities in their tankers and to undertake immediate cleaning operations in the event of oil spill within the country’s territorial waters.

Cost and Effects of Complying with Environmental Laws:

Compliance with various environmental laws entails costs on the part of PSPC, resulting in higher production costs and operating expenses. In 2020, PSPC’s long term provision for environmental remediation is Php 65.3 million and the short-term provision is Php 805.9 million.

3) Dividends

On 10 August 2022, the Corporation declared dividend of PhP1.00 from its unrestricted retained earnings as of 30 June 2022 (17-Q results), acting on the endorsement of the Board Audit and Risk Oversight Committee, details as below:

Date of Approval by Board of Directors	10 August 2022
Type	Regular
Amount of Cash Dividend Per Share	PhP1.00
Record Date	15 August 2022
Payment Date	19 September 2022

At the same time, the Dividend Policy of the Corporation was amended to change the frequency of its dividend declaration from annual to semi-annual with the same basis of 75% of the net income after tax during the relevant period and provided that it has sufficient unrestricted retained earnings.

On 24 March 2021, the Corporation has negative unrestricted retained earnings as of 2021 Audited Financial Statements, making it unable to declare dividends.

On 12 August 2020, the Board of Directors decided to take a more prudent approach to preserve cash and consequently cancel dividends for 2020 was induced by the continuous uncertainties due to the impact of COVID-19 pandemic, including the reinstatement of modified enhanced community quarantine (MECQ) from 04 to 18 August 2020. The Corporation recorded a deficit in its 2020 Audited Financial Statements.

Previously, at the Regular Meeting of the Board held on 21 March 2019, the Board approved the distribution of a cash dividend from the unrestricted retained earnings as of 31 December 2018 to stockholders of record amounting to P4.84 billion, with details as follows:

Cash Dividend (per share)

PhP 3.00 per share	05 April 2019	30 April 2019

Previously, at the Regular Meeting of the Board held on 14 March 2018, the Board approved the distribution of a cash dividend from the unrestricted retained earnings as of 31 December 2017 to stockholders of record amounting to P8.29 billion, with details as follows:

Cash Dividend (per share)		
Percent/Amount	Record Date	Payment Date
PhP 5.14 per share	28 March 2018	19 April 2018

At the Regular Meeting of the Board held on 20 April 2017, the Board approved the distribution of a cash dividend from the unrestricted retained earnings as of 31 December 2016 to stockholders of record amounting to P2.7 billion, with details as follows:

Cash Dividend (per share)		
Percent/Amount	Record Date	Payment Date
PhP 1.65 per share	05 May 2017	18 May 2017

Prior to that, at the Regular Meeting of the Board held on 15 August 2016, the Board approved the distribution of a cash dividend likewise from the unrestricted retained earnings as of as of 30 June 2016 to stockholders of record as of 15 August 2016 amounting to P3.3 billion, with details as follows:

Cash Dividend (per share)		
Percent/Amount	Record Date	Payment Date
PhP 2.08 per share	15 August 2016	19 September 2016

There were no dividends declared during the year 2014 and 2015.

Dividend Policy

The Board of Directors is authorized to declare dividends only from the Corporation's unrestricted retained earnings, representing the net accumulated earnings of the Corporation with its unimpaired capital, which are not appropriated for any other purpose. The Board of Directors may not declare dividends which will impair the Corporation's capital. Dividends may be payable in either cash, shares or property, or a combination thereof, as the Board of Directors determines. A cash dividend declaration does not require any further approval from the Corporation's shareholders.

Each holder of Shares will be entitled to such dividends as may be declared by the Board of Directors on the basis of outstanding stock held by them, provided that any declaration of stock dividends requires the further approval of shareholders holding at least two-thirds of the Corporation's total outstanding capital stock. The Philippine Corporation Code has defined "outstanding capital stock" as the total shares of stock issued, whether paid in full or not, except treasury shares.

The Corporation, pursuant to a Board approval on 18 July 2016, intends to pay annual dividends in the amount of not less than 75% of its audited net income after tax of the previous year subject to compliance with the requirements of applicable laws and regulations and subject to investment plans and financial condition.

On 10 August 2022, the Dividend Policy of the Corporation was amended to change the frequency of its dividend declaration from annual to semi-annual with the same basis of 75% of the net income after tax during the relevant period and provided that it has sufficient unrestricted retained earnings

The amount of dividends will be reviewed periodically by the Board in light of the Company's earnings, financial condition, cash flows, capital requirements and other considerations while maintaining a level of capitalization that is commercially sound and sufficient to ensure that the Company can operate on a standalone basis. Unless otherwise required by law, the Board, at its sole discretion, shall determine the amount, type and date of payment of the dividends to the shareholders, taking into account various factors, including:

- the level of the Company's earnings, cash flow, return on equity and retained earnings;
- its results for and its financial condition at the end of the year in respect of which the dividend is to be paid and its expected financial performance;
- the projected levels of capital expenditures and other investment programs;
- restrictions on payments of dividends that may be imposed on it by any of its financing arrangements and current or prospective debt service requirements; and
- such other factors as the Board deems appropriate.

The payment of dividends in the future will depend on the Corporation's earnings, cash flow, investment program and other factors. Dividends payable to foreign shareholders may not be remitted using foreign exchange sourced from the Philippine banking system unless their investment was first registered with the Bangko Sentral ng Pilipinas and thus, covered by the required Bangko Sentral Registration Document ("BSRD").

As at 31 December 2022, cost of treasury shares, accumulated earnings of its associates and unrealized mark to market gains are not available for dividend declaration.

4) **Recent Sales of Unregistered or Exempt Securities, Including Recent Issuance of Securities Constituting an Exempt Transaction**

In 2015, the Corporation issued stock rights enabling its existing shareholders, thru their pre-emptive rights, to subscribe to up to an additional 900,000,000 common shares. The Authorized Capital Stock was increased from 1,000,000,000 shares to 2,500,000,000 shares, each with a par value of P 1.00 per share. Subscribed Capital Stock, which was fully paid, increased by PhP 894,672,777 from PhP 691,271,425 to PhP 1,585,944,202.

The Philippine Securities Exchange Commission issued on 18 August 2015 its Certificate of Approval of Increase of Capital Stock.

Since then, there has been no sale of unregistered or exempt securities by the Corporation,

The capital stock of the Corporation increased from PhP1.0 billion divided into 1 billion shares with a par value of PhP1.00 each to PhP2.5 billion divided into 2.5 billion shares with a par value of PhP1.00 each. The increase was approved by majority of the Board of Directors on 24 March 2015 and the vote of the stockholders owning or representing at least two-thirds of the outstanding capital stock at a meeting held on 12 May 2015, certified to by the Chairman and the Secretary of the stockholders meeting and a majority of the Board of Directors.

The SEC approved the increase in authorized capital stock on 18 August 2015. In 2015, after approval of increase in authorized capital stock, the Corporation issued 894,672,777 shares with par value of PhP1 per share for a total consideration of PhP17.9 billion. Transaction costs relating to the issue of shares amounted to PhP40.6 million composed of registration and regulatory fees, and stamp duties. These were accounted for as a deduction from equity - through share premium. During its initial public offering, the Corporation issued 27,500,000 shares with par value of P1 per share for a total consideration of PhP1.8 billion. Transaction costs relating to the issue of shares amounted to PhP49.3 million composed of underwriting and selling fees, professional consultancy cost stamp duties and other related costs. These were accounted for as a deduction from equity, through share premium. Transaction costs that relate jointly to more than one transaction (e.g., professional consultancy costs) are allocated to those transactions based on the proportion of the number of new shares sold compared to the total number of outstanding shares immediately after the new share issuance.

As of 31 December 2022, the Corporation has 317 shareholders (31 December 2021 - 323), 282 of whom hold at least 100 shares (board lot size) of the Corporation's common shares (31 December 2021 - 286).

As at 31 December 2021, the Corporation had 323 shareholders (31 December 2020 - 320), 286 of whom hold at least 100 shares (board lot size) of the Corporation's common shares (31 December 2020 - 283).

As at 31 December 2020, the Corporation had 320 shareholders (31 December 2019 - 320), 283 of whom hold at least 100 shares (board lot size) of the Corporation's common shares (31 December 2019 - 283).

(e) Compliance with leading practices on Corporate Governance

On 24 March 2022, the Board approved the amendments to the following corporate governance documents:

1. Updated Securities Dealing Code
2. Revised Related Party Transaction Policy, as endorsed by the RPT Committee
3. Revised Board Audit and Risk Oversight Committee Charter, as endorsed by BARC

On 06 December 2022, the Corporation conducted its third Virtual In-House Corporate Governance Training Sessions. Some participants joined in person while some joined virtually through Microsoft Teams.

The topics of the Training were **An Overview of Public Private Partnerships (PPP) and Administrative Law and Agencies** presented by Atty. Alberto Agra, Chairman of the Philippine Reclamation Authority. Atty. Agra is a Certified Public-Private Partnership ("PPP") Specialist and Certified Regulation Specialist. He is a PPP Law, Administrative Law and Local Government Law author, a professor and Political Law Bar reviewer, and former Acting Secretary of Justice, Acting Solicitor General and Government Corporate Counsel.

The Training totaled four hours. Atty. Agra first discussed the framework on PPPs and administrative agencies pertinent to the conduct of business of the Corporation, and in understanding the synergies between the government and the private sector. An in-depth discussion revolved around identifying the important elements of PPPs, overview of the PPP process, and the laws governing them. There was then a discussion on the administrative agencies, from their creation, types, powers, and recent jurisprudence and how these agencies impact the business of the Corporation.

On 24 and 25 November 2021, the Corporation held its second Virtual In-House Corporate Governance Training Sessions held on November 24 and 25 through Microsoft Teams (“Training”). The topic of the Training was Shell Scenarios: Building Resilient Mindsets. Ms. Geraldine Wessing, Chief Political Advisor from the Shell Group, delivered the Training. The Training commenced with the Founding Principles of a Scenario mindset, the Scenarios and the need to use them. The guiding principles in Scenarios: The Long View, Outside-in Thinking, and Multiple Perspectives are used to make better decisions. The participants applied the learnings in the Philippine setting for each of the Scenario.

Following a competitive tender process and pursuant to the endorsement from the RPT Committee and Board approval, the Corporation secured a five-year loan amounting to PhP6 billion with the Bank of the Philippines Islands, then a related party, replacing an existing PhP6bln of short-term loan. The loan will reduce the Corporation’s exposure to short-term volatilities in the market and maximize the low interest rate for its cash requirements. This will not impact its gearing which remains healthy. The drawdown date of the loan was on 20 December 2021.

On 10 November 2021, the Corporation received the Certificate of Approval of Equity Restructuring dated 05 November 2021 from the Securities and Exchange Commission (the “Commission”). Accordingly, the Corporation’s deficit amounting to PhP4,304,059,000.00 in its Audited Financial Statements as of 31 December 2020 was wiped out against its additional paid-in capital (“APIC”) of PhP26,161,736,000.00. Said approval is subject to the condition that the Corporation’s remaining APIC of PhP21,857,677,000.00 shall not be used to wipe out future losses without the approval of the Commission. The Board of Directors of the Corporation approved its equity restructuring at its Regular Meeting held on 25 March 2021.

On 09 November 2021, the Board of Directors approved the contracts of the Corporation with Shell International Eastern Trading Company (SIETCO), trading arm of the Shell Group, after a favorable endorsement from the RPT Committee. Due to the materiality of the contracts, an external independent party evaluated the fairness of the contract terms. Transactions with SIETCO accounted for 96% of the related party transactions of the Corporation as of Q3 2021. The relevant advisement report was timely disclosed in compliance with SEC Memorandum Circular No. 10 on Rules on Material Related Party Transactions (MRPT) for Publicly-Listed Companies and the Corporation’s RPT Policy.

On 11 October 2021, the Corporation became the first Philippine energy company to support Task Force on Climate-related financial disclosures (TCFD) and adopt its recommendations in providing decision-useful, climate-related information for its stakeholders. It made its first disclosures in its 2021 Annual and Sustainability Report.

The Corporation appointed an external facilitator to conduct a Board Effectiveness Evaluation covering 2020. The directors completed the assessment in February 2021. The external firm also conducted interview with the President and Chief Executive Officer. Results of the evaluation were reported to the Corporate Governance Committee in July 2021. The Committees and their respective Secretariats were engaged to address the recommendations and set the way forward.

On 26 September 2022, the Corporation held a Special Stockholders’ Meeting. It recorded a quorum of 79% of the total outstanding shares of the Corporation. Total votes cast reached around 1.275 billion shares. During this meeting, the stockholders approved the change in corporate name to “**Shell Pilipinas Corporation**” from “Pilipinas Shell Petroleum Corporation.” Likewise, the shareholders approved the amendment of the Corporation’s Articles of Incorporation, particularly the Secondary Purposes, to allow it to engage in retail trade. On 15 March 2023, the SEC approved these changes.

On 06 May 2022, the Corporation held its third virtual Annual Stockholders' Meeting. It recorded a quorum of 79% of the total outstanding shares of the Corporation. Total votes cast reached around 1.207 billion shares and the elected directors garnered favorable votes of more than 13.284 billion votes.

On 11 May 2021, the Corporation held its second virtual Annual Stockholders' Meeting. It recorded a quorum of more than 80% of the total outstanding shares of the Corporation. Total votes cast reached 1.295 billion shares and the elected directors garnered favorable votes of more than 13.352 billion votes. The Corporation also increased the number of its independent directors with the election of former Governor Amando M. Tetangco, Jr. He will be part of the Board Audit and Risk Oversight Committee and Sustainability Committee. He was the Governor of the Bangko Sentral ng Pilipinas (BSP) and Chairman of the Monetary Board for two six-year terms covering 04 July 2005 to 02 July 2017.

On 28 April 2021, the Corporate Governance Committee received the results of the Board Evaluation Survey covering the period of 2020 and has approved on 29 July 2021 the key action items to strengthen the Board's and the Committees' effectiveness.

On 26 March 2021, the Corporation launched its reset and refocused five-year strategy (2021-2025), which includes:

1. Transforming retail fuel stations to broader mobility destinations
2. Pursuing a reliable, competitive and sustainable supply chain
3. Driving lower carbon operations, products and solutions

On 21 January 2021, the Sustainability Committee (formerly, CSR Committee) has amended its Charter to make it more relevant to the Corporation and the Board. This has been approved by the Board on 21 March 2021. The Committee's objective has been amended to support one of the Mission Statements of the Corporation which is "to be a partner in nation-building through multi-sector collaboration, especially with national and local government, civil society/NGOs and communities, on sustainability initiatives." The duties of the Sustainability Committee would be focused on:

1. Sharing external sustainability best practices and trends
2. When there is opportunity, steering the Business to provide additional resources or support to particular social performance, social investment and sustainability initiatives;
3. Providing support needed with regard to engagement with external stakeholders;
4. Support communication on the Corporation's social performance, social investment and sustainability initiatives, if needed; and
5. Reviewing the sustainability-related content of the Annual Report prior to its issuance.

In 2020, the Corporation was conferred by Capital Finance International with the Best Energy Corporate Governance Award, a recognition for the Corporation's comprehensive governance code and its strong fit-for-purpose corporate structure that is guided by its core values of honesty, integrity, and respect for people.

On 16 June 2020, the Corporation held its first virtual Annual Stockholders' Meeting. The meeting was held virtually for the safety of the shareholders, stakeholders, directors and officers of the Corporation in the midst of the COVID-19 pandemic, and in compliance with government regulations prohibiting mass gatherings. It was the first time that its shareholders were allowed to participate *in absentia* or via remote communication. The meeting recorded a quorum of more than 84% of the total outstanding shares of SHLPH. Total votes cast reached 1.355 billion shares and the elected directors garnered favorable votes of more than 14.617 billion votes.

Pursuant to the new SEC Rules on Material Related Party Transactions for Publicly-Listed Companies, PSPC amended its Related Party Transaction Policy to align its requirements with the said rules. The rules cover any related party transactions amounting to ten percent (10%) or higher of a company's total assets based on its latest audited financial statements.

On 31 May 2018, the Corporation filed its first Integrated Annual Corporate Governance Report. It disclosed the Corporation's state of compliance with the recommendations under SEC Memorandum Circular No. 19, Series of 2016, otherwise known as the Code of Corporate Governance for Publicly-Listed Companies. The Report harmonized the corporate governance reportorial requirements of the Securities and Exchange Commission and the Philippine Stock Exchange.

On 31 May 2017, the Corporation filed its Revised Manual on Corporate Governance ("Revised Manual") in compliance with the Code of Corporate Governance for Publicly-Listed Companies, which aims to develop a strong corporate governance culture consistent with regulatory and statutory developments in this space.

As part of its initiatives, the Corporation separated the roles of Chairman from the President and that of the Corporate Secretary from the Chief Compliance Officer. The Corporation also created the Corporate Governance Committee, composed of independent directors, to assist in its corporate governance responsibilities and to take on, among others, the functions formerly assigned to the Compensation and Remuneration Committee. The Corporate Governance Committee ensures compliance with and proper observance of corporate governance principles and practices, and ensures that these are reviewed and updated regularly and consistently implemented in form and substance.

The Corporation, through its Chief Compliance Officer, carries out an evaluation to measure the Corporation's adherence to good corporate governance towards over-all business sustainability and success. This evaluation ensures that good corporate governance structures are built and maintained to create value for the Corporation and provide accountability and control systems commensurate with the risks involved. In this connection, the Corporation has collaborated with the Institute of Corporate Directors and other accredited organizations to determine the level of compliance by its Board and Management with corporate governance best practices. The Revised Manual also requires assessment of Board performance which the Corporate Governance Committee oversees. All directors and key officers are required to attend corporate governance seminars.

Measures are constantly being undertaken to improve the Corporation's corporate governance. Monitoring implementation and change is paramount to ensure that the Corporation's Revised Manual remains relevant and adjustable to uncertain and complex local and international environments. It is subject to annual review by the Board.

Another initiative taken by the Corporation is the renaming of the BARC, befitting of its responsibility to ensure an effective and integrated risk management process in place through an enterprise risk management ("ERM") framework. BARC also provides oversight over Management's activities in managing credit, market, liquidity, operational, legal and other risk exposures of the Corporation. To carry out these very critical activities, various officers like the Corporate Audit & Assurance Manager and Chief Risk Officer have been nominated and shall report, in one way or another, to the BARC.

The Revised Manual likewise provides for a Full Business Interest Disclosure for all incoming officers of the Corporation in order to address possible conflict of interest issues. In fact, the Corporation's internal policy on Conflicts of Interest applicable to all employees is well aligned with this requirement.

The Corporation is committed to strictly adhere to the requirements of the Revised Manual. There has been no violation nor sanction imposed on the company so far and we intend to continue with this feat. The Chief Compliance Officer is responsible for determining violation/s through notice and hearing, and will recommend to the Chairman the imposable penalty, for further review and approval of the Board.

The Corporation adopted the Revised Corporate Disclosure Guide to conform with the Revised Manual's steer for the Corporation to perform its corporate governance commitment as a publicly-listed company. The Corporation provides a comprehensive, accurate and timely report of its financial condition, results and business operations, material fact or event and non-financial information (economic, environmental, social and governance) which underpin sustainability.

The Nomination Committee of the Corporation also adopted its own Charter. It included the nomination guidelines and process, statement on diversity and inclusion as well as review of the effectiveness of the nomination process. The Related Party Transaction Committee has also updated its Charter and Policy as part of its periodic review.

Item 16. Matters Not Required to be Submitted

No action is to be taken with respect to any matter which is not required to be submitted to a vote of the stockholders.

Item 17. Amendment of Charter, Bylaws or Other Documents

The shareholders will be requested to approve the amendment of Article VII, Section 1 of the Corporation's By-Laws in order to reflect, among others, the new corporate name "Shell Pilipinas Corporation" in the Corporation's seal.

Item 18. Other Proposed Action

There are no other actions to be taken up other than those mentioned above.

Item 19. Voting Procedures

Only those shareholders who have voted by proxy, *in absentia* or remote communication will be included in determining the existence of a quorum. All matters subject to vote, except in cases where the law provides otherwise, shall be decided by the affirmative majority vote of stockholders present by proxy, *in absentia* or by remote communication and entitled to vote thereat, provided a quorum is present.

For election of directors, a stockholder may vote such number of shares for as many persons as there are for directors to be elected. The stockholder may also cumulate said shares and give one candidate as many votes as the number of directors to be elected multiplied by the number of shares owned or the shareholder may distribute them on the same principle among as many candidates as they see fit.

Pursuant to Sections 23, 49 and 50 of the RCC, shareholders may participate through remote communication and *in absentia*. During the Annual Stockholders' Meeting and the Organizational and Regular Board Meeting held on 07 May 2019, the shareholders and the Board of Directors of the Corporation approved the amendment of its By-laws to allow stockholders to vote through remote communication or *in absentia*. The Securities and Exchange Commission approved the amendment on 15 March 2023, thereby allowing stockholders to participate and vote *in absentia* or via remote communication. Said stockholders shall be deemed present for purposes of quorum.

Pursuant to Sections 23, 49 and 50 of the Revised Corporation Code, shareholders may participate through remote communication and *in absentia*. During the Annual Stockholders' Meeting and the Organizational and Regular Board Meeting held on 07 May 2019, the shareholders and the Board of Directors of the Corporation approved the amendment of its By-laws to allow stockholders to vote *in absentia* or via remote communication. The Securities and Exchange Commission approved the amendment on 15 March 2023, thereby allowing stockholders to also participate and vote through *in absentia* or via remote communication. Said stockholders shall be deemed present for purposes of quorum.

For the detailed procedure on voting *in absentia* or via remote communication, please refer to Annex "B".

Voting and counting shall be by ballot or electronic where available. Such stockholder may or may not cumulate his/her votes. The counting thereof shall be verified by SGV, a member firm of Ernst & Young Global Limited.

Item 20. Participation and Voting of Shareholders *In Absentia* or By Remote Communication

Validation

2. Upon receipt by the Corporation of the email, the Office of the Corporate Secretary will acknowledge it and will revert with its validation result no later than three (3) business days from receipt.
3. Once successfully validated, the stockholders will receive another e-mail notification of their successful registration.

Voting

4. Registered stockholders have until the end of the Meeting to cast their votes *in absentia* or via remote communication through the digital ballot link that will be sent by the Office of the Corporate Secretary.
 - a. For items other than the Election of Directors, the registered stockholder has the option to vote: For, Against, or Abstain. The vote is considered cast for all the registered stockholder's shares.
 - b. For the election of directors, the registered stockholder may vote for all nominees, not vote for any of the nominees, or vote for some nominees only, in such number of shares as preferred by the stockholder, provided that the total number of votes cast shall not exceed the number of shares owned, multiplied by the number of directors to be elected. Further, if a stockholder has indicated an intention to vote for the nominees but did not indicate the number of shares voted for/against each nominee, it will be presumed that the stockholder (i) has cast the maximum number of votes he is entitled to (i.e. shares held multiplied by 11) and (ii) that he allocated an equal number of votes for/against the indicated nominees.
 - c. The registered stockholder can proceed to submit the accomplished ballot by clicking the 'Submit' button.

Votes cast *in absentia* will have equal effect as votes cast in person or by proxy. If a proxy was sent prior to voting *in absentia*, the proxy will be superseded by a ballot cast by the same shareholder or his/her/its proxy *in absentia*.

Counting

1. The Office of the Corporate Secretary will count and tabulate the votes cast *in absentia* and via remote communication together with the votes cast by proxy.

For any clarifications, please contact Office of the Corporate Secretary at PSPC-Governance@shell.com.

Remote Communication

1. Only shareholders who have notified the Office of the Corporate Secretary upon registration of their intention to participate in the Meeting by remote communication will receive the link of the Meeting.
2. Note that shareholders participating by remote communication who wish to cast their votes must also accomplish the digital ballot to cast their votes.
3. Stockholders will be on audio mode and will be able to see the presentations. Since only the presenters can speak during the Meeting, stockholders may email questions or comments prior to the meeting to the Office of the Corporate Secretary at PSPC-Governance@shell.com. Time permitting, the Corporation will exert best efforts to read and answer the questions during the Meeting.
4. The recorded webcast of the Meeting will be posted on the Corporation's website after the Meeting. Stockholders shall have two weeks from posting to raise to the Company any issues, clarifications and concerns on the Meeting conducted.
